The Hookers & Hackers

Established in 2008, The Hookers & Hackers is a non-profitable making organisation which was created to raise money for various charities, but mainly charities in connection with cancer and terminally ill children. Our aim is to raise as much money as possible to aid research in to cancer and to help those affected by this illness.

Each year a charity golf day will be held between April and June to raise funds for a charity within the local area of the golf course. We aim to raise funds that will make a difference to people's lives who are suffering from cancer or a terminal illness. Golfers of all abilities will be able to choose from various packages. Our signature package includes 27 holes, in which the first 9 holes is played with only 3 clubs, one being a putter.

Hospice in the Weald

This year's event will be raising money for a charity in local proximity to the golf course called Hospice in the Weald.

At Hospice in the Weald we are all committed to offering the very best care to our patients, their families and friends, and work hard to make sure your time with us is as comfortable as possible.

Our philosophy is to be a specialist provider of Palliative Care to our local community. Palliative Care is the total care of patients whose disease is not responsive to curative treatment. Control of pain, of other symptoms, and of psychological, social and spiritual problems is paramount. The goal of palliative care at our Hospice is the achievement of the best quality of life for patients and those important to them. This is offered in a professional environment where the wishes and needs of the patient are paramount.

We believe that Palliative Care affirms life, and regard dying as a normal process. We neither hasten nor postpone death - we aim to provide relief from distressing symptoms whilst integrating the psychological and spiritual aspects of care, offering support to families to help them cope with dignity during the patients' illness and in their own bereavement.
